The Nine Levels of Skiing

(Please Check One Box Below that corresponds to Your Skiing Ability)

- Level One: "Never-Ever":** Level One skiers are first time skiers who have never skied before.
- Level Two:** Level Two skiers are cautious novices who are able to do a "[snow plow](#)" (wedge) turn both ways and are able to stop, but linking turns smoothly may be difficult. Level Two skiers may have skied once or twice before.
- Level Three:** Level Three skiers are confident novices who are able to stop and make round snow plow turns on easy beginner trails.
- Level Four:** Level Four skiers are cautious intermediate skiers who can link turns but still moderate speed. Level Four skiers ski in a small wedge and their skis may even be parallel at the end of the turn on [green](#) or easy [blue](#) trails. Level Four is a transition level in which skiers will begin to ski more blue intermediate runs.
- Level Five:** Level Five skiers are intermediates who are confident on easy blue runs and ski mostly parallel but may at times use the wedge to begin a turn or to stop. Level Five skiers may be cautious on intermediate trails that are slightly steep or icy.
- Level Six:** Level Six skiers confidently make parallel turns on blue runs but do not ski many advanced trails. Level Six skiers use their poles to time turns. A Level Six skier is interested in learning to ski better on more challenging terrain.
- Level Seven:** Level Seven skiers ski controlled parallel turns and can ski very well on blue trails. Level Seven skiers can control their speed and rhythm on [black diamond](#) trails, but they are looking to ski on challenging trails with better style. Level Seven skiers can adjust the size and length of their turns and are learning to ski on a variety of different types of snow and terrain.
- Level Eight:** Level Eight skiers ski with good technique on all terrain and snow conditions. Level Eight skiers can ski [moguls](#) and are able to ski black diamond trails with confidence using carved turns.
- Level Nine:** Level Nine skiers enjoy the challenge of difficult ski trails and ski moguls, steeps, and other black diamond terrain.
